Description

Ford F-350 Dump Bed Truck

VIN: F35DK713415

Engine: 390 CID (6.4L) V8

Transmission: 4-speed manual

Odometer: 43,188 (TMU)

This heavy-duty Ford F-350 features a steel dump bed with wood sideboards and chain tailgate, perfect for farm, construction, or restoration use.

Key features include:

- Dual rear wheels
- PTO-style dump mechanism (manual lever-actuated)
- 12V electrical conversion
- V8 badging and classic Ford front grille

The body shows surface rust and paint wear consistent with age, but the truck is overall solid and runs. Bed is functional and steel floor appears intact. Interior is complete but shows its age with a patinaed dash and worn floor. This is a great platform for restoration, parade use, or functional vintage utility.
