**LOT 114 - Hand-Carved African Tribal Head Sculpture – Tall Bust with Geometric Headdress**

**Lot Location** basement

## Description

Impressive hand-carved wooden bust depicting a stylized tribal figure with elongated features and an intricate geometric headdress. Likely crafted in an African folk art tradition, this tall sculpture features defined facial contours, upright posture, and a solid base. The dark wood showcases rich natural grain and weathered patina from age. A bold display piece for collectors of African art, folk carvings, or global decor.
